**International Law | Taylor & Francis Group**
The development of international law—both its rules and its
institutions—is inevitably shaped by international political events. From the end of World War II until the 1990s, most events that threatened international peace and security were connected to the Cold War between the Soviet Union and its allies and the U.S.-led Western alliance. The UN Security Council was unable to function as intended, because resolutions proposed by one side were likely to be vetoed by the other.

International Fisheries Law - International Law - Oxford

International law, the body of legal rules, norms, and standards that apply between sovereign states and other entities that are legally recognized as international actors. The term was coined by the English philosopher Jeremy Bentham (1748–1832). Learn more about international law in this article.

international law | Definition, History, Characteristics ...

International Law and Indigenous Peoples: Historical stands and contemporary developments. Half a millennium ago the peoples indigenous to the continents now called North and South
America began to experience change, a kind of change they had not experienced before. Europeans arrived and began to lay claim to their lands, frequently slaughtering the Native children, women, and men who stood in the way.

**International Law and Indigenous Peoples: Historical ...**
An important development in modern international law is the concept of "consent." Before World War II, a nation would not have been considered to be bound by a rule unless it had formally agreed to be bound by it, or it was already customarily abiding by that rule.

A more contemporary definition expands the traditional notions of international law to confer rights and obligations on
intergovernmental international organizations and even on individuals. The United Nations, for example, is an international organization that has the capacity to engage in treaty relations governed by and binding under international law with states and other international organizations.
